rohitdas.dev@gmail.com · +91 98765 43210 · linkedin.com/in/rohitdas-dev · github.com/rohitdas-dev

PROFILE

WordPress developer with 3+ years of experience building custom themes, plugins, and full-stack web solutions with PHP and MySQL. Focused on clean, maintainable code and fast, reliable delivery for client-facing production sites. Currently expanding into Python for backend and automation work.

EXPERIENCE

WordPress Developer

Current Company · 3+ Years

- Built and maintained custom WordPress themes and plugins for client projects across legal, media, and e-commerce sectors.
- Delivered full WooCommerce store builds, custom post types, and ACF-driven content structures.
- Collaborated directly with clients to scope, build, and ship production sites with a 5.0 average review rating.
